jQuery WordPress

SUMMARY: (Recently Relocated)

Experienced Software Developer adept at bringing forth expertise in design, installation, testing & maintenance of software systems. Proficient in various platforms, languages, & embedded systems. Experienced with the latest edge development tools & procedures. Able to effectively self-manage during independent projects using workflow applications like Trello, as well as the ability to collaborate on part of an agile production team.

EMPLOYMENT:

Spooner Risk Services

Software Developer:

March 2020 – June 2021

Updating a legacy software program from Lotus Notes to C# using the Model-View-View Model framework. Worked on both the B|E scripting authorization code for program users based on their security level, to F|E design & integration of reusable components using ReactJS/JavaScript, & HTML/CSS, to create an easy to navigate UI/UE.

Decal Outlaw

Software Developer/Web Master:

August 2018 – May 2021

Website developer for an eCommerce site called Decal Outlaw & provided web master assistance. The site was built using WordPress & associated plugins. Prior to building the website the product owner & I

discussed how it should be structured and what architectural logic was necessary to satisfy the features of the website.

LDJ Solutions

Software Developer:

October 2017 – Current

Updating current websites to become mobile friendly. Modifying page/views of existing websites to be responsive by enclosing existing elements in Bootstrap containers. Also properly applying flex or grid combinations to parent or child elements for more responsiveness & faster stylesheet load times.

VOLUNTEER WORK:

Give Camp

Software Developer Volunteer at Burke Airport from July 19 through July 21. I worked as a volunteer for a local non-profit company, called the Cutting Board Academy. I assisted with their web page development using Word Press, as well as provided photographic content and editing using Blender.

EDUCATION:

We Can Code It - Certificate of Software Development – August 2019
